

# MUSSELS

1

## SMALLER SHELLS

The number of mussels per kilogram will increase from 25 to 35 mussels to 60+ per kilogram.

2

## HIGHER MEAT TO SHELL RATIO

You get more meat per kilogram.

3

## SWEETER MUSSELS

New season mussels have a sweeter taste than larger mussels harvested later in the season.

4

## CLEANER SHELLS

New season mussels have not been in the water as long as a result they have less fouling and cleaner shells.

## GROWING CYCLE

CATCH SPAT / JUNE TO AUGUST

SEED OUT / JANUARY TO MAY FOLLOWING YEAR

START CYCLE AGAIN

HARVEST / MAY TO JUNE ONWARDS
